About me

I'm a 23-year-old from a city near Milan, Italy. After a year living abroad in Vienna, I graduated with a Bachelor's in Languages for Business in February 2024. I'm currently pursuing a Master's in UX/UI Design at start2impact University. Outside of work, I enjoy walking, baking, playing sports and traveling.

FIGMA	USER TESTING
ACCESSIBILITY	WIREFRAMING
COPYWRITING	PROTOTYPING
HTML	CSS

Daniela Ronchetti

UX/UI Designer

Professional experience

START2IMPACT ● UX/UI Designer Trainee

Remote
from sept 2023

Thanks to this experience at start2impact, I had the chance to work independently on real-world projects reviewed by senior professionals. The course focused on mastering the entire UX research process, covering all phases: discovery, wireframing, prototyping, and user testing. To do so, I learned how to use Figma, one of the most cutting-edge design tools.

In addition to UX/UI design, I also gained a foundational understanding of programming by developing my personal portfolio using HTML and CSS.

OJ EVENTI ● Social Media Manager Intern

Remote
feb 2023 - may 2023

For 4 months I covered the role as social media manager intern at Oj Eventi, an italian-based company specialised in turistic marketing. I was responsible for the management of one of the company's newest Instagram profiles; I learned how to schedule posts using Meta Business Suite, how to create eye-catching Instagram posts and engaging stories.

Education

START2IMPACT UNIVERSITY Master in UX/UI Design

UNIVERSITY OF URBINO CARLO BO Bachelor's degree in Languages for Business

Bachelor's degree focused on linguistic studies and preparation for roles in international business management, marketing, and corporate communication. Relevant courses included Economics and Business Management, Marketing and Digital Public Relations. Participated in seminars by industry leaders, including the CEOs of Haribo and Fiorentini.
